

## Eng. Omprakash Thakkar Profile

Driven by a passion for people and committed to enabling MBA Construction Ltd to achieve its purpose of *Building a Better World*, Eng. Omprakash Thakkar is leading the MBA Team's operations through a renewed focus on delivering exceptional client service

Having first begun his apprenticeship in 1987, Omprakash is backed by over 22 years' experience in the building industry and now leads a team of capable builders in constructing and renovating high-end architecturally-designed residential and commercial properties.

Omprakash is well-respected in the building industry, demonstrated through the strong relationships he has established with architects and with his satisfied clients. His proven skill and success is represented by the numerous satisfied clients as well as the accolades he has received for his work.

Omprakash is a proven leader, having worked and learnt under strong mentors himself, and his success lies in his commitment to taking a 'hands-on' management approach. This allows him to not only guarantee that the highest standard of workmanship and materials is delivered for each project, but also to ensure the best experience for each client through honest and efficient communication and project adaptability. Omprakash takes the time to understand the goals and expectations of each client, and works closely with them in generating solutions that will not only look good, but will be functional and durable.
